

# Scientific Colloquium on Dairy Production

HOW TO FOSTER PROGRESS IN DAIRY PRODUCTION THROUGH RESEARCH AND INNOVATION

The dairy industry is facing several challenges in the future (shortage of natural resources, increased demand, volatility of prices,...). Research and innovation can contribute to overcome these challenges. This colloquium will review research activities in different locations and by different parties, and present alternative ways of funding research and innovation as well as ways of deploying innovation in the field.

Torre Marimon Caldes de Montbui

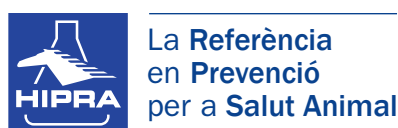

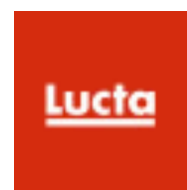

Wednesday 21st of October, 2015

## Participants

Andre Brito - University of New Hampshire  
Bradley Heins - University of Minnesota  
Gonzalo Ferreira - Virginia Tech University  
Gustavo Lascano - Clemson University  
Hugh Chester-Jones - University of Minnesota  
Jill Anderson - South Dakota State University  
Jud Heinrichs - Penn State University  
Ken Kalscheur - USDA  
Marcia Endres - University of Minnesota  
Mireille Chahine - University of Idaho  
Peter Erickson - University of New Hampshire  
Phil Cardoso - University of Illinois  
Sonia Gelsinger - Penn State University  
Victor Cabrera - University of Wisconsin

Ahmed Salama - UAB  
Aleix Viñoles - Mas Bes  
Àlex Bach - IRTA  
Anna Aris - IRTA  
Arturo Gomez - Zinpro  
Fernando López-Gatius - Agrotecnio center  
Gerardo Caja - UAB  
Hassan Taweel - Nutriad  
Javier Polo - APC  
Joaquim Baucells - Centre Veterinari de Tona  
Lorena Castillejos - UAB  
Marc Piera - Centre Veterinari de Tona  
Marc Xifra - Mas Gener  
Marta Blanca - NOVUS  
Marta Terré - IRTA  
Oriol Franquesa - Q-Ilet  
Sergio Calsamiglia - UAB  
Victor García - Calidad Pascual

## HOW TO FOSTER PROGRESS IN DAIRY PRODUCTION THROUGH RESEARCH AND INNOVATION

IRTA

Torre Marimon, Caldes de Montbui

Wednesday 21<sup>st</sup> of October, 2015

09:00 Welcome. Conselleria d'Agricultura, Ramaderia, Pesca, i Alimentació de la Generalitat de Catalunya

09:15. Introduction and objectives. Alex Bach - IRTA

Most novel dairy research topics in North America

09:30 Andre Brito - University of New Hampshire

09:40 Bradley Heins - University of Minnesota

09:50 Gonzalo Ferreira - Virginia Tech University

10:00 Gustavo Lascano - Clemson University

10:10 Hugh Chester-Jones - University of Minnesota

10:20 Jill Anderson - South Dakota State University

10:30 Jud Heinrichs - Penn State University

10:40 Ken Kalscheur - USDA

10:50 Marcia Endres - University of Minnesota

11:00 Mireille Chahine - Idaho State University

11:10 Peter Erickson - University of New Hampshire

11:20 Phil Cardoso - University of Illinois

11:30 Sonia Gelsinger - Penn State University

11:40 Victor Cabrera - University of Wisconsin

12:00 Coffee break

Most novel dairy research topics in Catalonia

12:30 Ahmed Salama - UAB

12:40 Anna Aris - IRTA

12:50 Fernando López-Gatius - Agrotecnio Centre.

13:00 Sergio Calsamiglia - UAB

13:10 Lorena Castillejos - UAB

13:20 Marta Terré - IRTA

13:30 Gerardo Caja - UAB

13:45-15:00 Lunch

The stakeholders perspective

15:00 Marta Blanch - Novus

15:10 Javier Polo - APC

15:20 Joaquim Baucells i Marc Piera - Centre Veterinari de Tona

15:30 Marc Xifra - Mas Gener

15:40 Arturo Gómez - Zinpro

15:50 Oriol Franquesa - Q-Llet

16:00 Hassan Taweel - Nutriad

16:10 Aleix Viñoles - Mas Bes

16:20 Pere Ordis - Hipra

16:30 Victor Garcia - Calidad Pascual

16:45-18:30 Open debate (Questions, comments, opinions from all participants)

18:30 Adjourn

The colloquium will be in English and it has no cost, but delegates must register by sending a confirmation of assistance to Sandra Altabas ([sandra.altabas@irta.cat](mailto:sandra.altabas@irta.cat)) before October 15th
